

# SOCCER SCHOOL

## FSYFC - An Introduction to football.

### What's it all about?

**Fleet Spurs Youth** is a Football Association Charter Standard Development Club. As part of our ongoing community sporting program we will be offering a 6 session "Introduction to Soccer" summer school, to run on consecutive Saturdays starting on June 14th and costing just £18 per child.

The intention of the school is to introduce boys and girls, currently at Infant school to the fun, fitness and social aspects surrounding team sports like Football. It is also a feeder program for the Fleet Spurs Youth teams. Current Year 1 and Year 2 pupils will have the opportunity to sign up for next seasons Under 7's and Under 8's squads, who both play in the Non-Competitive friendly based North East Hants Youth League on Saturday mornings.

The concept of these sessions will be to introduce boys and girls to football, but more importantly it will be to ensure that they enjoy themselves, discover and experience the fun and excitement that football has to offer.

### Where's it happening?

The Summer School will be operated at Fleet Spurs' Southwood facility, where toilets and café facilities are available, and will be run by FA qualified coaches, with extensive Youth Soccer training experience. All our coaches are CRB checked, and must complete both First Aid and Child Protection workshops as part of their FA certification.
